PRODUCT DESCRIPTION

French Gilt Oval Mirror — Elegant and finely detailed French giltwood oval mirror, likely 19th century, featuring an rectangular chamfered outer frame with a softly rounded profile encasing an oval mirror plate. The gilt surface retains a warm, aged patina with delicate incised and punched foliate and scroll motifs in each corner and along the border, revealing traces of red bole beneath the gilding. The frame displays gentle wear consistent with age, adding to its authentic antique charm. Dimensions: 1" depth x 19.5" width x 23" height.
