PRODUCT DESCRIPTION

This 5.5-inch Agate Geode Sphere is a remarkable blend of natural beauty and geological intrigue. Polished to a glossy perfection, the exterior showcases the smooth, banded patterns typical of high-quality agate. Within, the sphere reveals a stunning geode formation, filled with sparkling crystals that add a mesmerizing, radiant effect. Each sphere is unique, highlighting the intricate layers and rich hues that make agate so beloved. Beyond its aesthetic appeal, agate is known for its harmonizing properties, making this sphere a perfect centerpiece for enhancing the elegance and positive energy of any space.
