PRODUCT DESCRIPTION

CREEL AND GOW

This exquisite painted screen hails from late 19th century England and features a captivating Hunt Scene. The screen is made up of three panels, each arched and painted on high-quality leather, with burlap backing and brass tack edges. The fine craftsmanship and attention to detail are evident in every aspect of this piece, from the intricately painted hunting scene to the durable construction of the screen itself. Measuring an impressive 72.25 inches in height and 20 inches in width, this antique screen is sure to be a focal point in any collection or home decor setting, and will be treasured by discerning collectors and enthusiasts of English decorative arts. 72.25 x 20" (each panel)
