PRODUCT DESCRIPTION

Rustic French Contemporary Mirror with Gilt Detailing This striking French contemporary mirror is masterfully crafted from reclaimed wood, lending it a richly textured, weathered patina full of natural character and rustic appeal. The rectangular frame is adorned with intricately hand-applied gilt detailing, including a repeating beaded inner border and four ornamental rosettes at each corner—adding a touch of classical elegance to the organic aesthetic. The contrast between the raw, aged wood and the luminous gilded embellishments showcases expert artisan craftsmanship. Measuring approximately 47.5" high by 31.3" wide, this mirror is a sophisticated statement piece, equally suited to refined modern spaces or traditional interiors seeking warmth and texture.
