

CREEL AND GOW

ELEMENTAL FLOW: MOUNTED TIGER EYE JASPER SLICE

SKU: SM215M

Categories: [Mineral](#), [Natural Specimens](#)

PRODUCT DESCRIPTION

Mounted tiger eye jasper slice, showcasing striking natural bands of earthy green, golden brown, and deep red tones, polished to a smooth finish on one face while retaining organic edges for a raw, natural aesthetic. The stone's unique coloration results from fibrous quartz intergrown with hematite and other mineral inclusions, creating a dynamic interplay of light and texture. Securely set on a minimalist black metal stand for display, this specimen serves as both a decorative accent and a geological collectible. Dimensions (including base): 4" depth x 8" width x 10.25" height.
