PRODUCT DESCRIPTION

This exquisite Taxidermy Flying Golden Pheasant is a stunning addition to any collection or display. The bird has been expertly preserved and mounted, with lifelike detail captured in every feather. The vibrant golden and red plumage of the male pheasant is on full display, with a striking array of colors and patterns that make it a true showstopper. The bird has been posed in a natural flying position, with its wings outstretched and its tail feathers fanned out behind it. This creates a sense of movement and energy that is sure to capture the attention of anyone who sees it. Measuring at L 37" x W 19" x H 10", this Taxidermy Flying Golden Pheasant is a substantial piece that will make a bold statement wherever it is displayed. It comes equipped with a hanging mechanism that allows it to be suspended from the ceiling, ensuring that it is positioned for maximum impact. Overall, this is a beautifully crafted piece that is both striking and unique. It would make an excellent addition to any collection of taxidermy, or as a standalone piece that is sure to be the centerpiece of any room.
