**SKU:** TX599-N

**Categories:** [Taxidermy](#), [Nature](#)

## PRODUCT DESCRIPTION

This full-sized Nyala taxidermy is an impressive and striking piece that captures the beauty and majesty of this magnificent African antelope. Mounted on a naturalistic green grass base, this mount measures approximately 70" x 31" x 61", creating a lifelike display that will impress all who see it. The Nyala is a species of antelope native to Southern Africa, with distinctive spiral horns and a striking chestnut coat marked with white stripes. This mount captures these features with incredible detail, from the intricate markings on the coat to the impressive size of the animal's horns. The antelope is mounted on a naturalistic green grass base, creating a stunning display that showcases the animal's natural habitat. The grass is crafted with care, with a textured and realistic design that adds to the lifelike feel of the mount. This mount would make a fantastic addition to any collection, providing a unique and captivating display that will impress all who see it. Whether you are a hunter, a wildlife enthusiast, or simply someone who appreciates the beauty of the natural world, this Nyala mount is sure to delight. Measures Approximately: 70" X 31" X 61"
