PRODUCT DESCRIPTION

An exuberant celebration of the color green, in nature, art, interiors, and design Green is like water: it is everywhere and we can't live without it. Green is the color of nature and the environment. Green is life. Interior designer and style guru Carlos Mota has such a passion for green that he has now devoted an entire book to it. *g: forever green* celebrates the color in all its manifestations: in nature, food, fashion, jewelry, art, interiors, and architecture. From the brilliant markings on a butterfly's wings to the feathers of a tropical bird's breast, from Magritte's oversized apple to the brocade drapery in the background of a Holbein portrait, from a leafy arbor to a leafy wallpaper, from celadon to forest to emerald to acid to lime to kelly, the variety is endless and so inspiring. Illustrated with Mota's own photographs, taken as he has traveled the world, as well as images by prominent photographers and exuberant watercolors by Titina Penzini, *G: Forever Green* is a testament to the power of green to enrich both eye and soul. 320 pages 10 x 13 in. (254 x 330mm.), portrait 300 color illustrations Hardcover ISBN 978-0-86565-408-2 Publication date: October 2022
