PRODUCT DESCRIPTION

This large carved malachite elephant is a stunning display of craftsmanship and the natural beauty of gemstones. Measuring 12 inches in length, 4 inches in width, and standing 9.25 inches tall, it is meticulously sculpted from richly veined malachite, known for its deep green hues and intricate banding. The elephant, a symbol of strength and wisdom, is brought to life through the exquisite detailing of its form, from the curl of its trunk to the definition of its majestic tusks. Each piece captures the light differently, highlighting the unique characteristics of the malachite. This piece not only serves as a striking decorative item but also embodies a sense of timeless elegance and cultural significance. Measures: 12" x 4" x 9.25"
