

CREEL AND GOW

MASSIVE CAULIFLOWER CORAL SPECIMEN 21.5"

SKU: N/A

Categories: [Coral](#), [Oceanic](#)

PRODUCT DESCRIPTION

This exquisite Cauliflower Coral specimen stands at 21.5 inches across, showcasing the intricate natural beauty of marine life. Its pristine white branches, resembling the delicate florets of cauliflower, are a testament to nature's artistry. Each branch is textured with minute details, creating a captivating visual and tactile experience. Perfect as a centerpiece or a sophisticated addition to a natural history collection, this coral specimen brings a touch of the ocean's wonder to any setting. Ethically sourced, it highlights the elegance and fragility of underwater ecosystems, making it a timeless piece for any connoisseur.

Measures: 21.5" x 19.5" x 11"
