

CREEL AND GOW

VERY LARGE CUSTOM MOUNTED OCTOPUS CORAL (GALAXEA FASCICULARIS)

SKU: c218_MOC-NYC

Categories: [Coral](#), [Oceanic](#)

PRODUCT DESCRIPTION

Very Large Custom Mounted Octopus Coral. This stunning piece features a very large specimen of Octopus Coral (*Galaxea fascicularis*), a captivating species of colonial stony coral belonging to the family Euphylliidae. Recognizable by its intricate and vibrant appearance, Octopus Coral is also known by a variety of vernacular names including Fluorescence Grass Coral and Galaxy Coral. It thrives in the vibrant waters of the Indo-Pacific region, adorning reef slopes with its mesmerizing beauty. Ethically Sourced 14" x 8" x 25"
