PRODUCT DESCRIPTION

Oval Lenticular Eye: Measures: 6" x 9" This Black and Gold Wood Framed Oval Lenticular Eye is a unique and captivating piece that will catch the attention of anyone who sees it. The oval-shaped frame measures 6 inches by 9 inches and is made from high-quality wood that is finished in black and gold, giving it a sophisticated and elegant look that will complement any decor. What makes this piece truly special is the lenticular technology that is used to create the illusion of a blinking eye. As you move past the frame, the eye appears to blink, creating a fascinating and mesmerizing effect that is both playful and intriguing. This Black and Gold Wood Framed Oval Lenticular Eye is a versatile piece that can be used in a variety of settings. It can be hung on a wall as a striking piece of wall art, placed on a table or shelf as a decorative accent, or even used as a conversation starter in an office or waiting room. Whether you are a collector of unique and unusual objects or simply looking for a statement piece to add to your decor, this Black and Gold Wood Framed Oval Lenticular Eye is sure to impress. Its clever use of technology and artistic design make it a must-have for anyone who appreciates the intersection of art and technology. Overall, this Black and Gold Wood Framed Oval Lenticular Eye is a one-of-a-kind piece that is sure to capture the imagination and spark conversation wherever it is displayed.
