PRODUCT DESCRIPTION

This exquisite pair of wall sconces, hailing from Morocco and dating back to the 20th century, showcases the intricate artistry of North African metalwork. Each sconce is meticulously crafted from metal, shaped into an elongated conical form, which is a hallmark of traditional Moroccan design. The sconces feature beautifully pierced metalwork with ornate patterns, allowing light to filter through in a mesmerizing display of shadows and light. The warm, aged patina of the metal adds to their charm and authenticity. The sconces are designed to be mounted on walls, creating a striking focal point in any room. When illuminated, the pierced patterns project captivating designs on surrounding surfaces, enhancing the ambiance with a touch of Moroccan elegance. These sconces are perfect for those looking to add a unique and culturally rich element to their home décor.
