PRODUCT DESCRIPTION

This stunning taxidermy specimen features an Antelope Sable, expertly mounted on a beautiful, hand-crafted base. The sable antelope is a majestic creature that inhabits the wooded savannas of East and Southern Africa, from the south of Kenya to South Africa, with a separate population in Angola. The sable antelope's striking features are captured in exquisite detail, with its signature curved horns, dark brown and black fur, and distinctive white facial markings all accurately represented. The antelope is mounted in a lifelike pose, as if alert and ready to bolt at any moment. Measuring 18 inches in length, 32 inches in width, and 98 inches in height, this antelope is a true statement piece that will add a touch of natural beauty and majesty to any space. Its hand-crafted base features intricate woodwork and adds to the overall aesthetic appeal of the mount. Whether you're a collector of exotic taxidermy, or simply looking for a stunning piece of home decor, this Antelope Sable is sure to impress with its beauty and realism. With its lifelike pose and accurate depiction of the species' distinctive features, it's a true testament to the wonders of the natural world, and a stunning addition to any collection or living space.
