PRODUCT DESCRIPTION

Set of four rhodonite beverage coasters. The rhodonite crystal meaning comes from the word Rhodon, which means 'rose'. Rhodonite is an ideal stone for processing and dispelling emotional pain. It clears away wounds and scars of the past, releasing abusive and self-destructive behaviours, feelings of hatred, anger or resentment, and allows one to see both sides of an issue. 3.25" diameter See also: Labradorite Coasters, Set of 4
