PRODUCT DESCRIPTION

This birdcage is a large, custom-made enclosure that was painted in a beautiful duck egg blue color and made during the mid-20th century. The design of the cage is modeled after the famous Sacré-Cœur Basilica in Paris, France, which is a magnificent example of Roman Catholic architecture. The birdcage is constructed with high-quality materials and measures 28 inches in length, 28 inches in width, and 78 inches in height. It has a spacious interior that is perfect for accommodating a pet bird of any size, allowing them to move around freely and comfortably. The removable tray is a convenient feature that makes cleaning the cage easy and efficient, ensuring that the bird's environment remains healthy and hygienic. Overall, this birdcage is a unique and stunning piece of functional art that would make a wonderful addition to any home or aviary, providing a perfect home for your feathered friend. Measures: 28" x 28" x 78".
