Miao Tribe Silver Torque Necklace Mounted on Custom Metal Stand An exceptional Miao Tribe silver torque necklace, composed of eight crescent-shaped bands arranged in a cascading "diamond" formation, each ornamented with finely hammered and spiral-wound terminals. The necklace's bold, sculptural geometry is characteristic of traditional Miao silversmithing from Guizhou Province, China, where adornments serve as expressions of identity, status, and ceremonial beauty. The central pendant—a tri-spiral motif—symbolizes harmony and continuity, echoing ancient design traditions passed through generations of Miao artisans. The polished surface, enhances the dimensional play of light across the faceted metal. Displayed on a custom black metal stand, the piece transforms from personal ornament to striking sculptural object, embodying both cultural heritage and contemporary design elegance. Dimensions: Height 13 in (33 cm); Width 11.5 in (29.2 cm); Depth 4 in (10.2 cm).
