YELLOW GOLDEN PHEASANT WALL MOUNTED TAXIDERMY

SKU: TX600-3

Categories: [Taxidermy](#), [Nature](#)

PRODUCT DESCRIPTION

This taxidermy Flying Yellow Golden Pheasant is a stunning piece of art that captures the beauty and grace of this game bird native to China. The mount features the pheasant in mid-flight, with its wings spread wide and tail feathers fanned out behind it. The mount is expertly crafted and handmade, featuring a wooden base that has been carefully designed to create a lifelike appearance. The mount measures approximately 15 inches in height and 18 inches in length, making it a striking centerpiece for any collection. The pheasant's plumage is a mix of soft yellows, browns, and greens, with bold black and white markings that create a stunning contrast. The mount also features lifelike glass eyes that add to the realism of the piece. Overall, this taxidermy Flying Yellow Golden Pheasant is a unique and eye-catching addition to any collection, perfect for nature enthusiasts and collectors alike. It captures the beauty and majesty of this stunning bird in a lifelike and artistic way.
